

Bird Friendly Plant Sale

April 8 - June 1, 2019

WCAS Bird Friendly Plant Sale Promotes Growing Native Habitat

Native Plants Are What Birds Need to Flourish

Western Cuyahoga Audubon Society promotes and sells bird friendly plants for spring planting needs. Our plant selection includes flowering perennials, tree saplings, and popular annual seeds. Proceeds pay for plant costs and make a donation to Western Cuyahoga Audubon to support chapter activities.

Birds Face Unnecessary Challenges Due to a Loss of Habitat

What can you do to help?

- Plant Bird Friendly Native Plants!

What is a native plant?

- A Native plant is one that occurred naturally has existed for many years in an area. These plants can be trees, flowers, grasses or any other plant. (Wikipedia)
